AMERICANS FOR MODERN TRANSPORTATION ENCOURAGED BY THE RELEASE OF THE SENATE DEMOCRAT INFRASTRUCTURE BLUEPRINT

WASHINGTON—Following the Senate Democrats' release of their Blueprint to Rebuild America's Infrastructure yesterday, the Americans for Modern Transportation released the following statement:

"We are encouraged by the release of the blueprint and commend Senate Democrats for spurring further dialogue on the importance of increased investment in our nation's aging infrastructure. We look forward to working with bipartisan leaders in the year ahead to modernize our roads, bridges, and highways, and stimulate nationwide economic growth."
