

# SIZING UP TWIN 33 TRAILERS

AMERICANS FOR MODERN  
TRANSPORTATION

Twin 33 trailers will only run on routes where Twin 28 trailers already operate.

✗  LOCAL ROADS

✗  CITY STREETS

✓  NATIONAL HIGHWAYS

Replacing Twin 28s with Twin 33s will reduce carbon emissions, fuel usage, trucks on the road, and the number of crashes every year.

1 **TWIN 28**  
Two 28ft trailers

2 **TWIN 33**  
Two 33ft trailers

3 **ROCKY MOUNTAIN DOUBLE**  
One 48ft and one 28ft trailer

4 **TRIPLE**  
Three 28ft trailers

5 **TURNPIKE DOUBLE**  
Two 48-53ft trailers

All of these configurations operate on portions of highways throughout the U.S.
